# WARRANTY CERTIFICATE

Kurlon sofas are covered by a one-year limited warranty, subject to the terms and conditions laid out in this certificate.

## Part A: Terms and Conditions

1. The date of coverage begins from the date of purchase as mentioned in the invoice supplied by the dealer from where purchase was made.
2. On noticing any defect in the purchased product, a customer may bring it to the notice of the dealer from where purchase was made or contact Kurlon's customer care through the toll free number.
3. While registering a complaint, customer must have the original bill and/or a copy of the warranty certificate showing proof of purchase as well as the date of purchase.
4. This warranty certificate covers any defects in materials and workmanship during manufacturing only (also referred to as manufacturing defects) for the following components in a Kurlon sofa.
  - a. Frame
  - b. Seat
  - c. Back cushions
5. Components not covered under warranty are:
  - a. Fabric covers
  - b. Leatherette covers
6. In case of any manufacturing defect, Kurlon will do its best to repair/replace the damaged component(s) at the earliest. However, the actual time for the same is subject to the availability of the necessary component(s).
7. This warranty applies to the first purchase of a Kurlon sofa from the company or dealer only. Any secondhand purchase will render this warranty null and void.
8. Kurlon will be the final authority with respect to identifying any issue as manufacturing defect or not.
9. Any claim or dispute arising from the warranty will be restricted to courts within the Bangalore jurisdiction only.

## Part B: Exclusions to Warranty

Conditions not covered by this warranty includes:

- a. Damage due to incorrect installation, misuse or abnormal use of the product.
- b. Changes in product such as discolouration or colour fading due to exposure to sunlight.
- c. Changes in product due to exposure to moisture and dampness, resulting in mould and/or fungus growth.
- d. Tears, scratches, chipping and fabric rips post-purchase.
- e. Damage due to acts of nature such as floods, earthquakes, and so on.
- f. Shrinkage, swelling and other conditions attributed to normal wear and tear of wooden structure
- g. Normal variations in wood grain structure and colour, owing to its natural properties.
- h. Any damage incurred while moving or transporting the product after initial installation at site.
- i. Any damage, soiling, or changes to sofa fabric.
- j. Damage to sofa mechanisms and hardware post-installation.
- k. Damage caused by borers, termites, and other organisms due to close proximity to moisture and/or being used with other timber or brands of wood products.
- l. Damage caused by improper cleaning methods or use of wrong cleaning products.

---

This warranty certificate covers all sofas manufactured by Kurlon Enterprise Limited after October 1, 2017.

## GENERAL INSTRUCTIONS

### Dos:

Refer assembly guidelines before installation. If in doubt, contact a Kurlon representative or call the toll-free number.

Clean sofa surfaces using a soft, clean, and dry cloth. This prevents dust and other unwanted items from settling on your sofa and causing damage.

Remove liquid spills or smudges immediately to prevent staining.

Tighten the screws holding the legs of the sofas once within two weeks of installation. Thereafter, check and tighten screws if necessary every six months.

Plump sofa cushions once a month to retain their softness. In addition, exchange positions of the cushions so that less used ones are alternated with higher use cushions.

Keep the sofa away from direct sunlight. This will prevent fading of the sofa fabric and other damage due to ultraviolet rays.

### Don'ts:

Minimise contact with water. It may result in warping or swelling of the wooden structure.

Prevent usage of harsh detergent anywhere on the sofa either for cleaning or stain removal.

Keep sharp objects away from the sofa to prevent rips and other damage to the sofa cover.

Do not place hot food or liquids on the sofa. It can spill or create marks.

Don't drag the sofa on the floor. It scratches the floor and puts pressure on the sofa legs, which can result in bending or breakage. If you need to move the sofa, lift it up cleanly off the floor and then move it.
